

CALL FOR PARTICIPATION

Artificial Intelligence and Natural Language & Information Extraction, Social Media and Web Search

FRUCT Conference

St-Petersburg, Russia, 9-14 November 2015

Overview

As modern technologies develop and improve, it becomes more important to solve problems of human-computers and human-robots interaction. This problem covers information retrieval, speech technologies, dialog systems and other innovations result in a surge of interest for robotics, artificial intelligence and natural language processing.

The conference will gather together experts in the above listed domains from research institutes and universities, as well as core businesses developing innovative technologies and using such technologies in their products.

The participants of the conference will come to know the latest research results concerning artificial intelligence. They will be able to share their insights with colleagues and interested parties and discuss ideas and technologies. The goal of the conference is to create a platform for sharing experiences, extending contacts and searching for possible cooperation options.

More details about AINL-ISMW FRUCT, conference news and registration form can be found at www.ainlfruct.com.

List of conference topics

- Artificial Intelligence
- Natural Language Processing
- Plagiarism Detection, Author Profiling and Authorship
- Social Media and Social Network Analysis
- Information Retrieval
- Linked Data and Semantic Web
- Speech Generation and Recognition, Spoken language processing
- Crowdsourcing technologies
- Robotics and Natural Language
- Human-Computer Interfaces
- Location Based Services and e-Tourism solutions
- Mobile Healthcare, Wellbeing, Diagnostics and e-Health solutions
- IoT, Smart Spaces, Context Analysis, Big Data and data mining
- Embedded systems, embedded networks and Smart Systems
- Communications Systems Integration and Modeling

Call for papers

Submit your Full Papers (min 6, max 12 pages) and extended abstracts (min 1, max 4 pages) for project in progress and to poster/demo section. Please follow paper templates that you can find at www.ainlfruct.com.

Abstract submission deadline: **18 September 2015**

Extended Full Paper Submission deadline: **27 September 2015**

Notification of acceptance date: **09 October 2015**

Camera-ready submission deadline: **19 October 2015**

Publication

All submitted papers will be peer reviewed by the technical committee. Accepted papers and extended abstracts will be published in AINL-ISMW FRUCT proceeding. Selected full papers will be recommended for CPCI indexing (Web of Science). We are waiting confirmation that accepted full papers will be published in IEEE Xplore (Scopus indexed).

Contacts

The templates, conference news and other details can be found at www.ainlfruct.com.
